

MISSION

The Trinity Community Foundation is committed to presenting God's love and connecting children and families to community organizations dedicated to improving lives.

LOVE PLAY CONNECT

LOVE

We know that when children are shown love and compassion they flourish. Our goal is to show not only our love for the children in our community, but the love that God has for them as well.

PLAY

Play is important for optimal child development and is recognized as a human right. This birthright is challenged by a lack of resources available to children living in poverty. In partnership with the YMCA, we bring to the community a day to just be kids and play. A day parents and families can enjoy.

CONNECT

Connection is perhaps the greatest gift to give to each other. We are committed to partnering with local organizations who want to join our mission and connect with people in targeted communities. We bring multiple organizations together for the purpose of connecting resources to our community.

MISSION

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

OUR FOCUS

The Y is a cause-driven organization that is for **youth development, for healthy living and for social responsibility.** That's because a strong community can only be achieved when we invest in our kids, our health and our neighbors.

We focus our work in three key areas, because nurturing the potential of kids, helping people live healthier, and supporting our neighbors are fundamental to strengthening communities.

VALUES

Our core values, "caring, honesty, respect, responsibility and faith," are central to who we are. In short, the Y is a cause-driven organization that strengthens the foundations of community.
